Missouri Department of Higher Education and Workforce Development is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Missouri TTY Users can call (800) 735-2966 or dial 7-1-1.

I. Introduction:

Missouri Job Centers are the entryway to the state's workforce system and access to the resources and services designed to assist individuals in acquiring the skills needed for meaningful employment and self-sufficiency. Job Centers are also the portal for businesses to access the talent pipeline that meets their workforce needs and fuels economic growth. Workforce system partners are required to collaborate to support a seamless, customer focused service delivery network. The Workforce Innovation and Opportunity Act (WIOA) requires state and local partners to collaborate in developing and implementing a one-stop delivery system where local service delivery is designed to meet the unique needs of the customer, resources are leveraged for maximum efficiency and high standards are maintained through continuous improvement.

The success of a Missouri Job Center depends on the principles Local Workforce Development Boards and their partners use to guide planning and operations. Job Center effectiveness, customer satisfaction, accessibility and continuous improvement are all vital pieces to overall success.

II. Missouri Job Center Certification:

20 CFR 678.300, requires at least one comprehensive physical center in each local workforce region, as defined in 20 CFR 678.305. A comprehensive center is one in which job seekers and employers can access the programs, services and activities of all required one-stop partners, including the Employment Service program authorized under the Wagner-Peyser Act. Access to partner programs and services can be achieved by:

- Having a program staff member physically present at the center;
- Having staff from a different partner agency physically present at the center appropriately trained to provide information to customers about the programs, services and activities available through partner programs; or
- Making available a direct linkage, through technology, to partner program staff who can provide meaningful information and services.

A comprehensive center must have at least one Title I staff person physically present 100% of the time, during regular business hours. Wagner Peyser (Title III) services requiring eligibility determinations (i.e. Trade Act) must be provided by State Merit staff.

Comprehensive centers must provide the following:

- Basic Career Services
- Individualized Career Services
- Follow Up Services
- Career Services for Employers
- Access to Training Services
- Access to any Employment and Training Activity carried out under sec. 134(d) of WIOA
- Permissible local employment and training activities for Adult, Dislocated and Youth workers
 - o Supportive Services
 - o Needs-Related Payments
 - o Incumbent Worker Training
 - o Transitional Jobs
- Access to programs and activities carried out by required one-stop partners; and
- · Workforce Labor market information.

Affiliate sites are defined as those that offer the programs, services and activities of one or more of the one-stop partners. An affiliate site does not need to provide access to every required one-stop partner program. If Wagner Peyser Act employment services are provided at an affiliate site, there must be at least one or more other partners on site with a physical presence of more than 50 percent of the time the center is open.

III. Pre-Certification Review:

A Memorandum of Understanding (MOU) between the local Workforce Development Board (LWDB) and each required one-stop partner must be fully executed and a review of the center's accessibility must be completed prior to the certification review, per DWD Issuance 01-2019.

IV. Review Process:

Local Certification Review Teams shall conduct an objective, comprehensive review of each center that includes:

- Staff Interviews that determine the knowledge base of all WIOA core partner programs and services, State
 and local policies and procedures, local initiatives, staff roles and contributions to performance, and
 awareness of accessibility requirements and available assistive technologies. The Certification Review Team
 shall use standard interview questions provided by the Missouri Workforce Development Board;
- At a minimum, Review Teams must interview the DWD Supervisor, the One-Stop Operator, the Functional Leader or Program Operator Supervisor and a random sample of at least 20 percent of the front line staff, to include both DWD and partner staff;
- A review of customer satisfaction survey data to ensure a level of customer satisfaction of at least 90%;
- A review of documentation to ensure the center is in compliance with Federal regulations, as well as state and local policies; and
- Complete an assessment of the center utilizing the certification criteria outlined in this document.

As a group, the Certification Review Team shall determine if a Center has sufficiently met the certification criteria. Teams will utilize this document in the assessment process. At a minimum, the center must successfully and fully meet all the criteria in **bold** type.

Written determinations must be submitted to the LWDB and DWD within 30 days of the review, but no later than July 15, 2020, and include:

- Correspondence from the LWDB Chair informing DWD if the center has been determined "Certified" or "Not Certified";
- A signed reviewer Responsibilities for each Certification Review Team member;
- A complete CJC or AJC Review Form documenting that each criteria reviewed included necessary comments to support the basis for determinations on criteria;
- Details regarding areas of deficiency;
- An action plan to bring deficient centers into compliance; and
- Date for follow-up review, if necessary. Reevaluation of failed centers must be conducted within 90 days of the written determination. The Certification Review Team shall submit to DWD, the MOWDB and the LWDB a follow-up, written determination within 30 days of the reevaluation.

V. Required Programs/Partners Matrix:

- Indicate in the column named "on-site" those programs/partners currently located on site in the facility and note the average hours per week.
- Indicate in the column named "off-site electronic connection" those programs/partners that are off site, but their career services are made available through an electronic connection.
- Indicate in the column named "off-site other" those programs/partners that are off-site, but an agreement is in place to provide the basic career services via another manner. Indicate what manner is utilized.
